La Research of the grain sparket today than for some time past and fluctuations were rapid. The sombre foreign outlook at first exequised a powerful influence, but as lator news was more pacific the markets yielded move to ordinary influences and cased off.

Wheat consell strong bot very irregularly and under some little excitement. The price rose and felt for an hour in mighty sales and active trading between 60 to and 40, but after the first fifteen minutes of the session the tendency for the remainsler of the hear was decidedly downward. The opening strength was the expression of doubt in the minde of the operators regarding the possibility of as Angle-German war. The upward movement roused some of the big shorts to make a hor fight against the advance, and a great volume of long wheat came upon the market and the advance was checked. The market soon became heavy and many of the early layers began to sell out, and it did not take long for the price to go off I cent from the top, and 12 cent below the close year-ray. The market was quiet but steady our-ing the last hour.
